Heavy Hitter signs two year Deal

Yes, it's true! Troy Thornberg, also known as the "Heavy Hitter", and Stan Boniakowski struck a two year deal. "Heavy", started working on the "Mountain" in 1995. And as you may know, left last year and went to work on a State Project. But he's back and ready to paint a home run. Stan said, "Troy brings a lot into this organization, and the whole crew is looking forward to his return."

Jersey Boys Win Fishing Derby

Moosehead Lake,
Rockwood, Maine

Locals say "Those flatlanders from N.J. really know how to fish", and fish they did, right into 2nd place Salmon Division in the 22nd Annual Fishing Derby sponsored by the Moosehead Outdoorsmen Association.

Tom Boniakowski was the lucky one to pull the fish out of the frozen lake. Tom said, "You don't have to get up early to catch the big one, you just have to have the fastest snowmobile."

In addition to the "Derby Winner", the boys caught their limits of salmon, lake trout and native brook trout. Special thanks goes out to Willie Towle, up there at "Camp Comfort" at Moosehead, where the camp is always warm and the best fishing is right in the front yard.

Weird Green Mountain

Weird winds up in Maine. The fierce wind cloud Bunky spotted tearing across the lake gave him just enough warning to tie down his camera and hang on. We almost lost this guy for good! "If I didn't get a picture, no one would believe me", Bunky later said.

Family abandons home after three weeks

Montrose Ave South Plainfield 1999– Green Mountain Painting Co (GMP) was hired and completed a full house renovation. The job was completed in 7 weeks and the house was put on the market. It sold immediately and a nice young couple with two small children moved in. Within the first two weeks, they claimed there was a fire burning

down the house. When the Fire Department arrived, there was no evidence of a fire. After a few days it happened again! The family then packed its bags and belongings and left the premises to move out of the state. The house went into foreclosure and became vacant for two years. It was just recently sold and a new family moved in. We wish them well.

Weird Bear's Den

Dale lost his legs upon finding out about the frozen fish he thought he was hearing in his sleep....

-“A Strange Nite Indeed”-

-Old Mill Campground, Moosehead Lake, Maine-

Several years ago, after a usual day of hardcore fishing on the ice, we caught many things. During that nite, Dale dreamed of frozen fish nipping at his legs. When he awoke he noticed a puddle of water by his bed trickling towards the front door. As he followed the trail of water, he nearly fell over when he saw the frozen fish, he claims they had a smile on their face.

Fishing News @ Bunky's Corner

- Congratulations to Sean Boniakowski who managed to reel in his first fish while still eating an Oreo cookie!
- Spring-The Whalen boys left Keyport . To try their luck at striped bass fishing. But after \$100.00 worth of lures and rigs lost to the chopper blues, they managed to land more than they wanted to clean.
- Congratulations to E.A. Boniakowski (World renowned Sportsman) who caught his first striper. A 28 incher on light tackle out of the Atlantic Highlands on the charter boat "Eagle".
- Trout Season— opening day 2002 The weather cooperated for the lucky anglers who were able to let their lines on opening day. Unfortunately I was not one of those lucky ones, due to the call for duty on the Mountain. But I do have the reports from the fisherman.
- Dale Alpaugh and neighbor John started out just above Buttsville on the Pequest, and doubled their limit in the first hour. But the only thing I care about is when those fish will be out of the smoker...
- Barry from the Gas Station fished the same river near Hackettstown and said, "Where's all the fish? Only 2 holdovers for me and a buddy."
- Dominick Kelly and son Brent had a great morning at my old favorite, the Black River in Hackelbarney State Park. They landed over 20 fish.
- Update on Barry: He claims he is not buying a freshwater fishing license next year and he's switching to saltwater. Our best to Barry not getting seasick and then saying he's going back to freshwater.
